

Government Medical College Nandurbar - Department of Anaesthesia

Overview-

Department of Anesthesia is providing hospital services and imparting a training programme for 100 MBBS students per year as per NMC and MUHS norms from the academic year 2021-22.

Department is having 03 modular OTs with 03 high end workstations. Teaching and patient services are provided with advanced gadgets like flexible bronchoscope with monitors and camera, peripheral nerve stimulators, all types of multipara, video laryngoscopes and ventilators. OTs are with well-equipped pre and post operative area. Ultrasonography machine is available exclusively for anesthesia services in operation theatres.

Department is having all the latest textbooks prescribed by NMC and MUHS along with two national and two international journals.

Upgradation of department is a continuous process. Various projects like new modular OTs, new building construction will be completed in near future.

Curriculum-

As per NMC and MUHS – <http://www.muhs.ac.in/upload/syllabus>

Goals -

- To create interest among the UG students about Anaesthesiology and Critical care management
- To start post graduate courses
- To start fellowship courses in pain management and critical care
- To start fellowship courses in regional anesthesia
- To start fellowship courses in paediatric anesthesia
- To start the Non Transplant organ Retrieval Centre

Objectives For Undergraduates -

At the end of the training, the students should be able to:

1. Do preoperative basic assessment of patient
2. Set up intravenous infusion.
3. Clear and maintain airway in an unconscious patient.
4. Administer oxygen correctly.
5. Perform simple nerve block.
6. Should know the principles of administration of general and local anesthesia.
7. Perform cardio-pulmonary resuscitation with the available resources and transfer patients to a bigger hospital for advanced life support.
8. know Importance of record keeping.
9. Perform monitoring of patient in perioperative period and ICU

List of Non Teaching Staff-

Sr. no.	Name	Designation
1	Mr. Deepak Bawaskar	Steno
2	Mrs. Vaishali Borase	Clerk

Duties And

Responsibilities -

Professor -

- i) He will be Head of Department who will be responsible to Dean and government in all respect.
- ii) Full administration of the Department regarding –
 - a) Posting of Associate Professors, Lecturers, Registrars, House Officers, Trainees and postgraduates in Anaesthesia in various operation theatres for Administration of Anaesthesia.
 - b) Making emergency duty lists from time to time.
 - c) Distribution of teaching work to them for under- graduates and other trainees.
- iii) Attended the official meetings like College council, University faculty and Board of Studies and other interdepartmental meetings, if invited.
- iv) He should handle all official and un-official correspondence and their replies.
- v) Should attend Death conference.
- vi) Teaching and training of post-graduates in Anaesthesia, organiser Seminars and Other activities in the Department.
- vii) Administration of all operations theatres.
- viii) Indenting the requirements of the department like equipment, the maintenance, drugs and library reference books and periodicals.
- ix) Research work.
- x) Encourage and guide other staff members in their research work and help them in presenting their work in Annual Conference.
- xi) Administrators, Anaesthesia to important case and guide other staff members and even students.
- xii) Organise the training programmes to Nurses, Medical Officers, Surgical Medical Officers and also General Practitioners in the Resuscitation methods during emergency. Recovery rooms, intensive care unit etc.

Associate Professor-

- i) will be in charge of a unit which will consist of Lecturers, Registrars and House Officers.
- ii) will be responsible for the proper administration of Anesthesia to patients in the operation theatres.
- iii) will train and teach to under graduate House Officers trainees and post graduates.
- iv) will attend post-graduate seminars in the Department.
- v) will remain on call for emergency.
- vi) will do research work and publish the results or read a paper in conference.
- vii) will be responsible for all anaesthetic management in his operation theatre.
- viii) will help the Professor in running the department. ix) He / she will attend any other work allotted by the Professors or Dean.

Assistant Professor-

- i) To assist the Professor in teaching the subject to the undergraduates.
- ii) To assist the Professor in Ward works.
- iii) To perform duties in the O.P.D.
- iv) To relieve the residents as and when required.
- v) To help the Professor in research work.
- vi) To perform such other duties in the Hospital and O.P.D. as assigned by the Professor or the

Dean.Facilities-

1. Preoperative Anesthesia Assessment OPD
2. Routine and Emergency Anesthesia services
3. Services in National programme
4. Services for VIP duties
